Coach Comments

After Tuesday's game at Lewis Central, in which we did some good things for a half, and the 2nd half got away from us. I really liked the response of our guys tonight and got out of the gate. In the 2nd quarter St. Albert made a run to get up by 7, but our guys were able to make a run of their own and cut it down to 2. And in the third quarter we were able to take the lead a couple times and a tie game going into the 4th. This time St. Albert made another run and went in to a bit of a stall game and switched up defenses and we didn't have as many answers to their defense down the stretch. But overall proud of our guys and how they responded from a poor outing in the previous game and really battled for 4 quarters tonight. If we keep getting better and can execute down the stretch better as we learn from these situations, I like the direction we are headed.
