	5	Quinn Vetter	11:56:00
	23	Reylan Gonzalez	13:38:00

Comments from assistant coach Raegan Andersen:

We could not have asked for a better night for our home meet!! The weather was absolutely perfect and the course was fantastic. Thank you again to the many volunteers who made the meet run smoothly and to Majestic Hills Golf Course for allowing us to host our meet there. The course was in great condition. Just like the rest of Denison, our course is hilly and that definitely makes it more challenging. However, I truly think that's something our kids used to their advantage tonight and made many of their passes and surges grinding up the hills. Our girls do a nice job of pushing each other and working together. They placed 3rd as a team tonight. They have been close to placing higher as a team by a few points a couple of times this season. Every point matters and we need to use our strength of pack running to make huge point swings in our coming meets. Our boys had many different people step up and bring the intensity tonight. Some of the boys shaved seconds off their previous times and some shaved minutes. Regardless, they are continuing to get faster and are showing the grit it takes to compete in this sport. The middle school kids continue to get better and are becoming more confident during their races. They need to continue to push themselves to move up during their race to be competitive with other teams and each other. We are definitely in the bulk of our season right now and will continue to have many meets in a short amount of time. It's crucial that we maximize the time we have at practice with workouts that will prepare us to make big strides between now and the end of the season. We will have some kids running for us on Thursday at IKM and the high school teams will be running again next Tuesday at South Central Calhoun.
