Comments from assistant coach Raegan Andersen :

Tonight was another great race night for the Monarch XC runners. Our athletes were refreshed and ready to get out and compete as they had over a week off from racing. The girls started us off tonight and they did a nice job of getting out quick. Lola and Alexa continue to lead the girls and each grabbed another top 10 finish placing 3rd and 5th respectively. Emily Bahnsen continues to step up huge for us and is able to pick up points when her teammates are struggling. She has been running very consistent and placed 12th tonight. The varsity girls placed 2nd as a team. The JV girls got 1st place tonight with a perfect score. The girls do a nice job of packing up when they run which allows them to score low points. They continue to push each other each and every day. On the boys side, Kevin and Ethan paced the team finishing 4th and 9th. They do a nice job of listening to us coaches and making surges throughout their race to put them in a competitive position for placing. The JV boys got 1st place as a team tonight with a perfect score as well. We had Angel Garcia running for us for the first time this year as he has been battling an injury. The boys team is a competitive group and it's important that they continue to work hard as many of them are fighting for those top 7 varsity spots. Our runners will have a quick turn around as we have two more meets coming up in the next couple of days. We will run at a tough Harlan meet on Saturday where we will race against competition that we could see at districts this year. Our runners are ready for the challenge and eager to see where they are against some Hawkeye Ten competition.
