Comments from the Monarch Head Coach: Parker Preul

Monarchs wrestled tough in their last duals of the season. Ridgeview beat us last year and its great to see the little improvents the team has made to gain ground and get a dual win over them. We fell to storm lake losing three tide turning matches in our middle weights that we would like to have back and capitalize on. Overall the Monarchs showed a lot of fight and with a few minor adjustments should be ready to make a good run at the State Tournament. We travel to Districts next Saturday at Waukee Northwest. We would love to have some home town support so hope to see everyone there!
